25X1 1. [Redacted] 25X1

2. In the spring of 1950, Hungarian soldiers wearing yellow service color visited a barbershop in Oerkeny (Q hC/N 78) [Redacted] they belonged to a horse-training unit. At the same [Redacted] a wooden observation tower supported by a cement base about 1 km north of Oerkeny, on a hill east of the railroad line to Budapest, in the area of bench mark LhO. In general, four or five soldiers were seen at this tower. One of the same soldiers, who was equipped with binoculars, was posted on the top of the tower. An observation tower of the same type was observed halfway between Csongrad (Y 7/O 22) and Kiskunfelegyhaza (Y 7/O 03), about 300 meters north of the railroad line. No further details could be determined from the moving train. [Redacted] saw AA spotters. 25X1

3. In May 1951 [Redacted] an unidentified number of Hungarian infantrymen in a summer camp in the wooded area south of Soovenyhaza (Y 7/O 10), on both sides of the road to Sandorfalvar (Y 7/T 19). An infantry unit held record practices around Csanytelek (Y 7/O 21) at the same time. 25X1

4. Frequently crossing the area of the Veszprem-Kuslsce pu. railroad station north of Veszprem (P hC/D 78) by train in June and July 1951 [Redacted] Soviet soldiers wearing red-bordered black epaulets and frequently also tank insignia. An unidentified number of the soldiers boarded the train in Hajmasker (P hB/D 79) and got out at Veszprem-Kuslsce pu. 25X1

25X1* Comment. The most recent report to confirm a remount depot in Oerkeny was received in June 1951. [Redacted] 25X1
